

Thanks for all your help, Clothida.

Chief Dennis Rubin
Fire/EMS Department

Again, thank you very much for addressing the Chevy Chase Citizens Association and community. Your statements were very informative and it was a delight to connect with a fellow "homey" from L and Lang, the old neighborhood.

In addition to the persons in attendance, your comments will receive broad circulation through the Association newsletter and through our reports to other affiliated organizations.

Please call upon us if we can be supportive of the efforts of your department on behalf of the City.

With best regards...

Edward Hayes, Jr.
